About the Conference

International Conference On Engineering Innovation (ICEI 2023) is intended to provide a common platform to the Researchers, Academicians, Scientists, Industrial Practitioners, Engineers and Scholars in frontline evolutionary and challenging fields. Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, experimental works and industrial experiences that describe significant advances within the scope of the conference.

Conference Theme

- Aerospace Engineering
- Biological Engineering and Sciences
- Biomedical Engineering
- Biotechnology
- Building Services Engineering
- Civil Engineering
- Computer Engineering
- Mechanical Engineering
- Supply Chain Management
- Current issues and challenges in Engineering
- Electrical Engineering
- Electronic Engineering
- Energy Engineering
- Environmental Engineering
- Industrial Engineering
- Information Engineering
- E-Commerce Management

Paper Submission

Full length high quality original, previously unpublished, experimental or theoretical research articles not exceeding Eight (8) pages as per the Conference template shall be uploaded for ICEI-2023 through Microsoft CMT paper submission system.
